Pate's Grammar School

Transport Providers
2025 - 2026

All buses that operate routes into Pate's are run by independent companies. **Pate's has no jurisdiction over transport providers, routes, timings, costs or continuity of service.**

Parents/carers make their own arrangements to transport their child to and from school; ensuring the suitability, safety and sustainability of bus services.

The transport providers and routes listed here are those currently travelling to and from Pate's. These routes have been set up by parents/carers to meet the needs of their local community. Contracts are arranged by parents/carers directly with providers; the school is not involved in these transactions. We can introduce families to each other, but cannot promote respective routes.

Please note: routes cannot be guaranteed and are reviewed annually by providers, dependant on pricing and demand.

New Bus Routes

If you would like to explore the prospects of a new route, we recommend that you approach a provider to discuss options. If you wish to gauge interest in a proposed new route, we can publicise this for you, to help put interested parties in touch with each other. Please email **office@patesgs.org.**

After-School Travel Sharing

Buses pick up at the end of the school day. To support families travelling home from after-school/weekend activities, sports fixtures and evening events, we aim to help parents/carers to contact each other to arrange possible travel shares. As part of our admissions process, parents/carers are invited to share contact details with other families within the group to help with transport.
